

Objectives and Expected Outcomes of the Network Meeting

**Central Asia Network
of Climate Change
Focal Points and
Experts**

Objectives

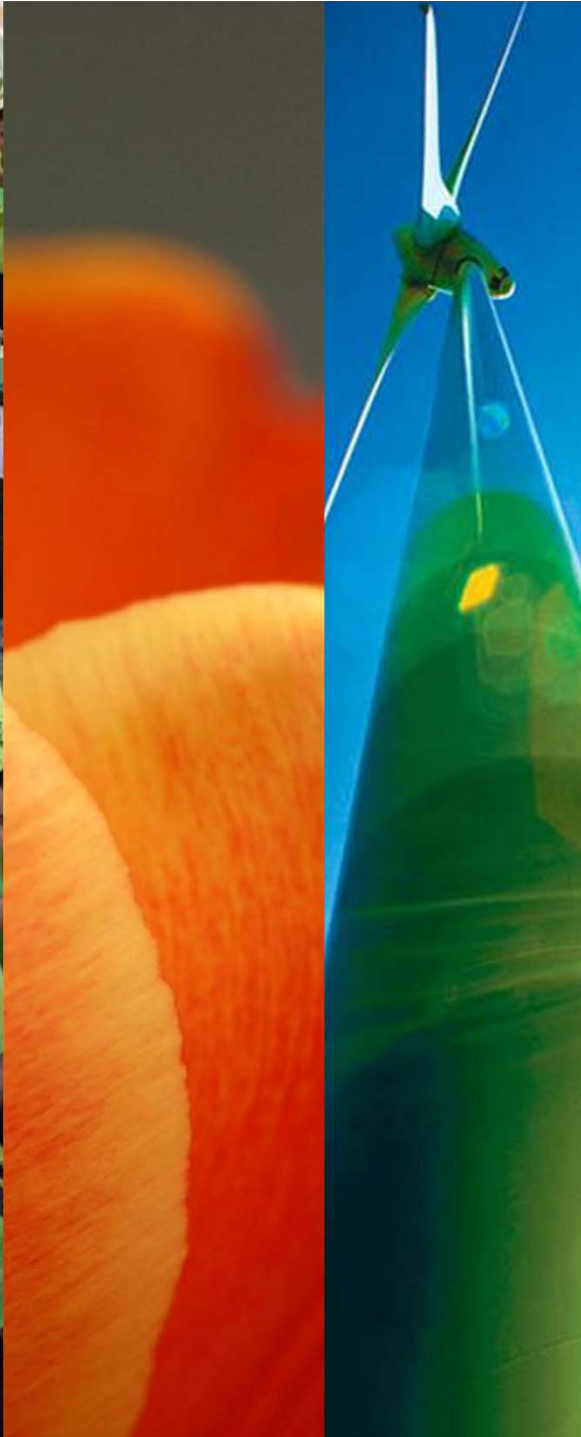

- Discussions on UNEP climate change initiatives in Central Asia, update on project status, achievements so far and plan for 2012-13 including remaining months in 2011;
- Bring Climate Change Focal Points and Experts together and exchange views and ideas on
 - *Major challenges to address climate change (e.g. types of capacity gaps, knowledge and information gaps, gaps in policies and legislation etc.)*
 - *Priorities and support needs to overcome those challenges*
 - *Synergies between adaptation and mitigation*
- Promote networking to build mutual understanding on CC issues among climate change focal points and experts

Expected Outcomes

- Climate Change Focal Points and Experts are up to date on activities, achievements and have a collective agreement on future activities;
- Two technologies pre country selected and an agreed work plan for delivering activities under Phase-II of Capacity Building in Development of Policy Framework for Promotion of Low Carbon Emission Societies in Central Asia;
- Findings on gaps to address adaptation validated and an agreed work plan for delivering adaptation related activities (knowledge generation, capacity building etc)

Thank you
